Perumahan Permata Tigaraksa Blok B4 no 15, 15721

My name is Lucky Indra Efendi, a FullStack Web Developer with 3 years of experience. I have expertise in converting designs from Figma into responsive and dynamic website displays. In addition, I am proficient in using various frameworks and libraries such as React.js, Next.js, .NET Framework, Tailwind CSS, Semantic UI, and Shadcn UI and Bootstrap 5 For development tools

KEY COMPETENCIES

Expert in converting designs from Figma into responsive and dynamic website displays. Able to identify and solve technical problems and optimize application performance.

Experienced in using React.js, Next.js, Tailwind CSS, Semantic UI, and Shadcn UI to develop modern and interactive user interfaces.

Experience using Git and version management platforms such as GitHub or GitLab for team collaboration and code management

ADVANCE EXPERIENCE

PT. EasyGo GPS Indonesia

Jun 2024 - Present

FullStack Web Developer

Performed maintenance on a .NET-based Transport Management System, including migrating and maintaining servers in the cloud to ensure smooth and uninterrupted production operations. Additionally, supported the development of new features based on customer requirements and addressed complaints or system bugs reported by customers.

PT. Exeed Indo Jaya

Jul 2023 - Des 2023

Network Security Engineer

In working as a Network Security Engineer I usually implement Firewalls with Fortigate, create VPN Tunnels for network security. I also used to install networks in several areas on-site such as PIK 2, Agung Sedayu Group and Bekasi.
